Learn how India tax Jobs is different

Uniquely qualified

Get your job in front of India tax members who are active on our network, engaged in their careers, and open to new opportunities.

Targeted Matches

Our network gives us a deep, up-to-date, and insightful dataset of professionals.

We use that data to match your role to the most qualified professionals.

Only pay for results

Pay only when candidates view your job post. Tell us your budget, and we can estimate how many applicants you'll receive

How did we achieve this?

01 Via the usage of Deep Technology, 100% Automation, Geo Tagging & Dynamic algorithms

02 INDIA TAX uses complex Socio-economic behavioral concepts of

1. Availability heuristics.
2. Prospects Theory.

OUR TECHNOLOGY

- We are a Core Technology company, not tech-enabled like E-Commerce, Food delivery etc.
- Only online recruitment company in India & globally where entire transaction terminates on the technology platform itself.

VIDEO BASED TECHNOLOGY

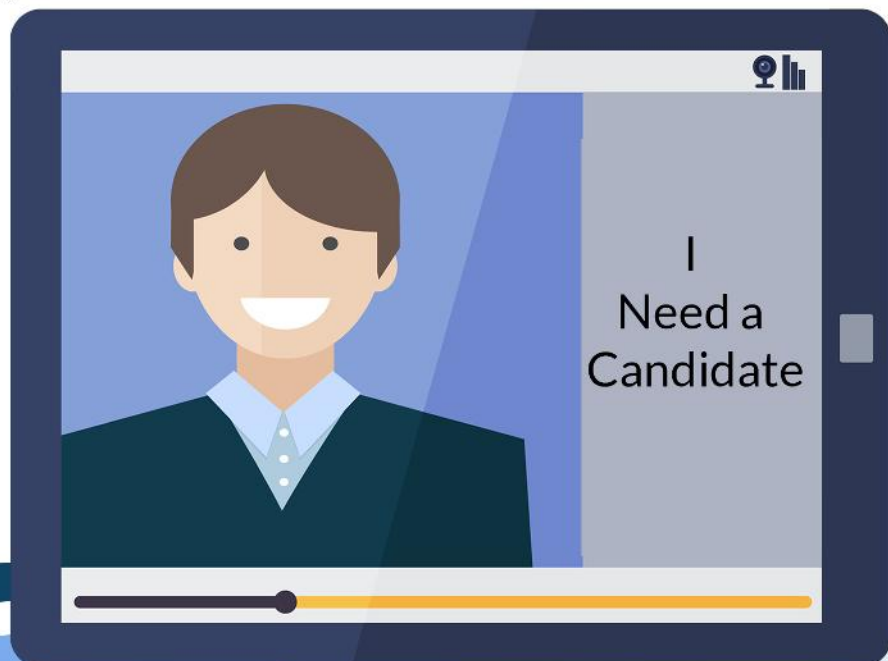

This is the first time in India. We are coming up with the Core technology . Which simplify the hassle to hire a candidate for an employer / simplify for the candidate to apply for the candidate to apply for the job and easily to get it without wasting of time and money. As we all know that now a days technoloy in world is blazing exciting new path which drag us towards to simplify the hassle process which was running before so that thing strig us ans designed a new solution to manage / arrange in a new video based concept .

EMPLOYER

We are coming up with the new technology . Employer used to do posted requirements / job for the candidate but now you can upload your video by VIDEO BASED TECHNOLOGY As per the current process candidate mention their eligibilty but if you will be use our technology then you can mention your criteria or eliibility to hiring candidates and you can explain your requirements easily through our technology. It will be convenience for you so, you can save your time and get better candidate for your company.
